7thConference & Exhibition-IRAN

The 7th Asia Pacific Natural Gas Vehicles Association Biennial International Conference & Exhibition (ANGVA 2017) will be held from 31st October to 2nd November 2017 in Tehran, Iran.

Iran has the biggest natural gas reserves in the world, around 4,000,000 natural gas vehicles and more than 2300 CNG refueling stations. Based on Iranian government policy to increase the use of Natural Gas in transportation sector and the plans to install one thousand new CNG stations all over the country, building strong branding for CNG, haul fuel to remote regions by using VPL, renewal of city bus & taxi fleets by retirement of old ones, renovate heavy vehicle fleet and develop LNG industry; this event will provide an incredible atmosphere for all participants to consider all investment or partnership opportunities in Iran NGV industry.

Natural Gas Vehicles- The Natural Green Choice of Asia Pacific

Natural gas is increasingly available across Asia as a result of technological advances that have made it easier to locate, extract and transport across the globe, and etc. So for countries across Asia Pacific, the decision matrix for the coming years ought to include natural gas as a transition fuel that can green their energy mix.

Conference Program

Plenary Sessions:

- Global, regional and national situations of NGV Industry
- Pipeless supply and transportation of natural gas
- Natural gas for Public Services and Commercial Fleets
- LNG for the Transport and Marine sectors
- Biomethane, A Renewable and Greener fuel for the transport sector
- Alternative fuels and new technologies
- NGV and alternative fuels vehicles environmental effects and international collaboration

Exhibition

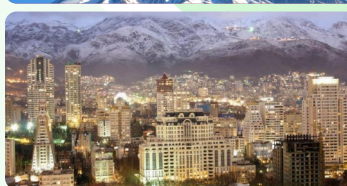

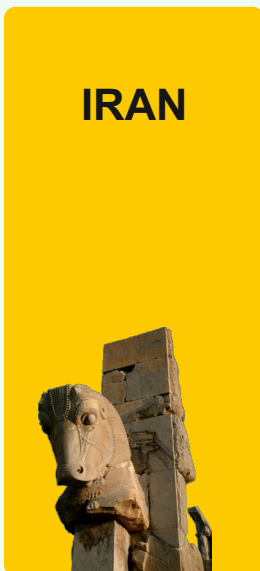

IRAN at a Glance:

Iran has a semi-arid climate for the most part, but it is extremely rich in natural resources. In particular, it has more than 9% of the world's proven oil reserves. With more than 18% of the world's gas reserves, Iran has the first largest reserves in the world.

Iran as old as history itself inherits one of the most ancient civilizations of the planet. Along with its splendid history and culture, Iran is diverse land and has a great variety of geographical environment which offers a sense of paradise for all of the nature lovers.

IRAN

Venue:

Iran ANGVA 2017 will take place in Milad Tower convention center in Tehran, Iran. Tehran is a great metropolis, which is the focal point of Iran's transportation network and the center in which more than 40% of the nation's economic activities takes place.

Milad Tower is a multi-purpose tower. It is the sixth tallest tower and the 17th tallest freestanding structure in the world.

Milad Convention center's main parts are seven conference salons, 5 VIP rooms and exhibition area of 6900 m² with a parking area of 27,000 m².

Very easy access to international hotels and bus terminals are amongst other advantages of this convention center.

General information

Travel:

Iran Air offers a global network of flights linking Tehran with most of the major cities throughout the world. In case, you are flying from cities that Iran Air does not cover, please check with other airlines office or with your travel agency.

Airport transfer:

Conference executive committee will use its best efforts to provide airport transfer for exhibitors and attendees arriving Imam Khomeini International Airport (IKA). More information is available on ANGVA 2017 website.

Passport and Visa:

Every foreign visitor entering Iran, must possess a valid passport and visa. Participants from countries requiring a visa entry to Iran are strongly advised to make their applications in their home countries at least one month before the intended date of travel .

However, conference executive committee will issue a formal invitation letter. At least one of the following criteria must be met in order to honor the request for a letter of invitation. The requesting party must either:

- Be an author of an accepted paper.
- Have paid the advanced registration fee for the conference.
- Be an exhibitor in ANGVA 2017 exhibition.

Banks and currency exchange:

The currency is the Iranian Rials. Foreign currency (normally EURO and US Dollar) can be exchanged at the airport or the front desk of your hotel.

Local banks are open from 07.30 AM to 15.00 PM. from Saturday to Thursday .

There are also private foreign exchange offices throughout the city that operate between 09.00 AM to 17.00 PM.

Credit Cards:

Please note that credit cards are NOT accepted in Iran. You may arrange for cash payment during shopping or any small business activity.

Climate:
