

Report on the NGV China 2013, the 14th China International NGV, Gas Equipment Forum, 8th – 10th May 2013, Beijing, China

NGV China 2013 was held at the Beijing National Agricultural Exhibition Hall (New Hall) in Beijing, China, 8th – 10th May 2013. ANGVA and NGV Global endorsed this event. ANGVA was represented by Executive Director Lee Giok Seng and NGV Global by Deputy Chairman Phils Fathers. The 3 days exhibition and 2 days forum was well attended by delegates and visitors. A total of 50,000 m2 of exhibition space was taken up by exhibitors from China and overseas exhibiting both CNG and LNG equipment and systems for the transportation sector.

The two days forum was held on 8th and 9th May with Day 1 dedicated to international and key local speakers with simultaneous Chinese-English-Chinese translations provided. Day 2 was dedicated entirely for local speakers without any translations. The keynote presentation on Day 1 was given by Mr. Rao Chuan, the Secretary-General of China Natural Gas Vehicle Industry Association. He reported that currently there are more than 1.5 million natural gas vehicles in China and the numbers are still growing with many cities in China introducing natural gas vehicles and building refueling infrastructure to support it. And there are also many LNG vehicles and LNG stations being rapidly introduced in China. The international speakers were from ANGVA, NGV Global, Westport Innovations and Cryostar.
